### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 5 is canceled as amended in paper filed 05/20/02.

Since there has been discrepancies in the renumbering of the claims due to Applicant's failure of renumbering the claims as suggested by the Examiner there has been confusion in the renumbering and status of the claims as required by the rule changes effective 09/13/04.

The renumbering of the claims have been renumbered by the Examiner . However the content and the dependencies of the claims remain the same as amended by Applicant as filed on 02/23/05. See attached.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach a syringe with a ring on the proximal end of the plunger and 2 finger rings on the barrel near proximal end thereof in combination with all the other structural and functional relationship as claimed wherein when the plunger is fully inserted into the barrel the distal most internal surface of the plunger ring is distal to the plane of the most proximal internal ring plane of the finger rings.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
